

# WELCOME TO

# *The City*

We all move from one city to another to get our first job, get a better one, meet our one and only, or decide to go back to live with our parents. Whichever the reason, our Seminole Clubs Family got our Noles back!

As we believe that "Once a Seminole is always a Seminole." We want your help to guide your fellow Noles to settle in your city and have a seamless transition into their new home city.
